R.C.No: 12441/C1/54. DATED: 23rd September, 1954.

Sir,

Sub: Grant - Maintenance - Sri Rama Dharma Vaidya Sala Sangham Panambur - application - forwarded.

Ref: From the President, Sri Rama Dharma Vaidya Sala Sangham. Panambur, application for grant dated 7/6/1954.

In forwarding herewith the application for grant referred to above, together with the recommendations of the Inspecting Medical officer, Madras fellowing and the letter of the Dean, Hospital & College of Indigenous Medicine, Madras, I have to state that the working of the Dispensary is not very satisfactory. The institution has not applied for recognition by the Central Board of Indigenous Medicine and is not recognised. As such it is drawback for getting a grant.

Further the answer to item 5 in the application - that "Medicine is distributed to all the patients visiting" is not by the Inspecting Medical officer's inspection report of 15/8/1954.

But there is some medical help given to the public. Therefore a small grant of Rs. 200/- (Rupees two hundred only) is recommended to be given.

M R Gurusswami 23/9/54
Hony. Director.

Copy of inspection report dated 24/8/1954 of the Inspecting Medical officer, II.

Sub: Contribution - Application from Shri Rama Dharma Vaidyasala dated 7th June, 1954.

Inspected the dispensary at Paramboor on 16/8/54 forenoon. Full Pay i and the attender were present in the dispensary. As per the nominal register only three patients attended the dispensary till 12 Noon. The physician in charge of the dispensary is a Registered Medical Practitioner ('B' Class). The Maternity Assistant was not present in the dispensary. It is reported by the Physician that the Maternity Assistant used to reside in the back yard of the dispensary building free of rent and she had gone to attend a labour case in a distant village. On enquiry I found that the maternity assistant is not in the habit of conducting free labour and she is simply residing in the premises of the dispensary. The Physician appears to be interested in the allopathic treatment as injection ampoules, modern drugs and injection syringes were found in the almirah. It is reported that the physician treats some children only free and charges all adults. As per the nominal register the daily average A | attendance is over 30. The accounts were audited for the year 1952-53. Medicines were purchased for Rs. 426-5-6. Medicines were sold for Rs.407-15-9. Accounts were not audited for the year 1953-54. Medicines were purchased for Rs. 255-13-6. Medicines were sold for Rs. 239-8-0. This dispensary has received medicines worth Rs. 451/- from the community B | project on 31-3-54. As per nominal register about 2494 cases were treated free since January 1st till upto-date (16-8-54). It is within a distance of five miles from Mangalore and about 36 buses are crossing to and fro.

The applicant is in need of contribution to an amount of Rs.3000/- The dispensary is working to some satisfaction of the local public. A minimum grant not exceeding Rs. 200/- may be recommended.

/True copy/

Copy of the letter of the Dean, Hospital and College of Indigenous Medicine.

The application for grant referred to above is forwarded herewith to-gether with a copy of the inspection report dated 24-8-54 of the Inspecting Medical officer II.

No grant is recommended as the dispensary is located within five miles from the Mangalore City.

If any grant is proposed to be given, the conditions laid down in Govt. Memorandum No: 22480/A/50-1-I, Health, dated 19/7/1950 have to be satisfied.

(1) I visited this charitable institution run by a trust consisting of local philanthrofic gentlement The dispensary attendence is about 70 to 80 patients daily. The midwife is also attending to visits and conducts about 8 cases monthly. I wish the institution every success and prosperity.

(2) I am glad that I had the opportunity of visiting this noble institution Sri Rama Dharma Vaidhya Shala this evening. It is indeed an admirable thing that on account of the noble efforts of the generous Founder Sri.Thimmappayya and a band of self-less workers, the people of this locality are able to have some medical aid. It is not possible to praise them too much. Their spirit of service should be followed in other places. I wish this noble institution all success. Alleviation of sufferring is the ϕ noblest thing that a man can do and that is the ideal of the founders and workers of this institution. I wish they expand their ϕ activities with some support from the official authorities

My salutations to the noble founder Sri. Thimmappayya and the members of the Committee.

(3) I am glad I visited this noble charitable institution this day. I feel happy to meet the noble hearted gentleman Mr. Thimmappayya the founder who was good enough to donate Rs 10,000/-. The Doctor in charge who persevers in maintaining this institution tells me that free medicine is catered to about 75 persons on an average daily. I saw the request for Government grant as well as the reply from the Government that this request can only be considered in the budget for 53-54. I think it would be better if the grant is included in the Budget for 52-53 and I humbly suggest that the Government may be pleased to take up the issue in the budget for 52-53. In spite of the financial difficulties the institution had got trained a midwife to meet the crying need of sufferring mothers of this locality. The Doctor informs me that on an average about 10 cases- very difficult cases- are treated every month. I hope that the Government may be pleasd to sanction adequate grant to this institution as per the budget for 1952-53. I wish on behalf of the people success to this institution so that the institution may be in a better position to continue to serve the public.

(4) I visited Sri.Rama Dharma Vaidhya Shala Sangha today and it is a delight to see that the Sangha is running a Free Ayurvedic Dispensary in a very successful and useful manner. There are about 50 patients attending this dispensary every day and this charitable institution is indeed a great asset for the village. The Sangha is anxious to develop its activities and to make it more useful to the public. Such laudable idea deserves every encouragement. A registered body is now running it, quite successful in its own way. It is high time that this institution is established in a more firm footing, financially speaking with the opening of the Kuloor Bridge, Panambur has a high future and it is sure to become some thing on the nature of a suburb to Mangalore. More amenities are therefore essential and a first rate hospital is one such. Such a hospital would serve Panambur, its neighbouring villages including Kulur and portion of Mangalore North. I wish this Sangha the success it richly deserves in all its activities.

(6) I had the pleasure of visiting the dispensary today . This is a unique achievement of the philanthrophic gentlemen of the village of Panambur. Medicines under the Ayurvedic System are dispensed free to one and all and all the expenses are met by the public of the village. Philanthrophic enterprises of the kind are laudable and deserve all encouragements and help

The President,

Sri Rama Bharma Vaidya Shala Sangha,

Panambur, Mangalore Taluq.

Ref: Memorandum No. 96373-H.V./54.2 Dt/ 3-11-54.

Sub: Grants- Maintenance- Private Medical Institutions- Sri.Rama Dharma Vaidya Shala Sangha- Panambur. Request negatived on the ground that it is not recognised by the Central Board of Indigenous Medicine- Review prayed for.

Sir,

The above institution has been distributing free medicines since 1945. It had been recognised. However its applioation for grant had not been fruitful on account of various other reasons.

The Sangha applied for aid in 1950 and as per the order G.O. (M.S.) No 3670 Health Department dated 30-10-1950 the request was not granted. Again in 1951 as per order dated 12-1-- 1951 Memo No.54528/1/51-1, the request was negatived on the ground that it was too late to consider the proposal and that the proposal may be renewed early for inclusion in the budget for 1953-1954. Again the Sangha applied in 1953 and as per orders passed as per Memo No.37062-1/53-1 dated 20-7-53, the Sangha was informed that the proposal to grant aid has been deferred in view of existing financial stringence. In view of the above it will be clear that the institution had been recognised all along. Hence the reason specified in the present order that the institution is not recognised by the Central Board of Indigenous Medicine is not correct.

C127/K

Therefore it is prayed again that the order passed may be reconsidered and the institution be treated as a recognised one and the Government be pleased to award maintenance Grant and for which act the Institution and the people will be ever grateful.

Yours faithfully.

From the H.D.I.M. letter RC. No. 12441/C1/54 dt- 23.9.54.

The file relates to the proposal to sanction an annual maintenance grant to Sri Rama Dharma Vaidya Sala Sangam, Panambur, Mangalore for maintaining its free Ayurvedic Dispensary. In the year 1953 the President of the Sri Rama Dharma Vaidya Sala Sangha, Panambur submitted an application to the Govt. for the sanction of an annual maintenance grant, in respect of its free Ayurvedic Dispensary in Panambur and the H.D.I.M. recommend the payment of a grant of Rs 500/- per annum. The proposal was considered by the Govt: in connection with the Part II Scheme for 1953-54 and it

was deferred in view of the existed financial stringency. p127 Cf (W)
The President of the said Sangam has now applied pp7-11 Cf
for an annual maintenance grant of Rs 3000/-.
It is seen (stated) that the Free Ayurvedic Dispensary in Panandur was started in 1945, that on an average para 1 mp 7 Cf
more than 30 persons (every day) are being treated, that about A m p3 Cf
24964 cases were treated freely since started from B m p3 Cf
1st January '52 to 15.8.54. But these statements are not fully supported by the report of the Inspecting Medical Officer at page 3 f.
The H.D.I.M. while forwarding the application for the grant has stated that the working of the dispensary is not very satisfactory and that the institution has not applied for recognition under the CBIM and that therefore it is not registered under the CBIM. He has further stated that As this institution gives some medical help to the public and the Director that he therefore recommends a small grant of Rs 200/- per annum p1 Cf / p1 Cf / Ap

As it is not possible for the State to provid medical aid to all the parts of the rural areas at State cost, the principle of granting financial aids by way of grants to private medical institutio which give medical aid to the people has been accepted by the Govt.

For orders whether a grant of Rs200/- as recommended by the H.D.M may be sanctioned to the institution and, if so, the proposal may be treated as a Part II Scheme for 1955-56.

The file may be sent to Finance for remarks.

In view of 'A' on the pre: page it does not seem that the case need be considered
